Terry's Upside Richard Bonte

When Rod Lafleur is visited one day by a distant second cousin, Teresa Roberts, he doesn't know what to think. For one thing, he hardly knows Terry, having met her only once and talked to her a couple of times on the telephone. For another, Terry has always ranted on about hair-brained schemes and pots of gold, about this or that one being greedy or not getting their fair share of the family pie: a privately-held, well-known plastic toy company in the Mid-West. Sure, Rod and his extended family have inherited twenty thousand gift shares of the Allen Company. But they have no decision-making power, and the shares are worth nothing on the open market. Terry has a new spin and the Lafleurs are willing listeners until they find out that the option contract she has is not what they thought it would be nor is Terry exactly who she claims to be. Will Rod be able to save his family from the clutches of the evil Terry and his own greedy sister-in-law? Will Rod be able to save himself?
