Casey Hill

CSI Reilly Steel Box Set #2: The Watched - Trace - Crime Scene Casey Hill

Three forensic novels in the USA Today bestselling mystery series.

This omnibus edition includes Books 4, 5 and the prequel of the CSI Reilly Steel police procedural series.

THE WATCHED

Quantico-trained forensic investigator Reilly Steel is back in the country of her birth. Unsure about both her future and her position within the Dublin police force, Reilly hopes that a relaxing stay at the Florida beach home of her old FBI mentor Daniel Forrest will help get her thoughts together.

When Daniel's son, policeman Todd Forrest, is called to the scene of a gruesome murder where the body of a beautiful woman has literally been torn in two, he is stopped in his tracks. Not just because of the grotesque and theatrical nature of the crime but because he recognizes the victim as Daniel's goddaughter.

In an attempt to find swift resolution on her old friend's behalf, Reilly finds herself drawn into the investigation. And when another disturbing murder occurs soon after, she can't help but feel that she has come across something like this before. But where?

TRACE

Back at the helm of the Garda Forensic Unit after a short hiatus in the US, Reilly Steel is thrust straight into a series of complicated Dublin murders at which the killer leaves minuscule forensic trace evidence.

The investigating team discover that the victims have been targeted because of one worryingly common trait, and need to outsmart the killer before he makes his next move.

But Reilly is preoccupied, not only by new developments in a decades old missing person case, but also her own feelings of disconnect since her return from the US ...

Can she get back on top of her game to track down the killer in time?

CRIME SCENE

Forty miles south of Washington, D.C. lies the small town of Quantico. Situated among lush greenery, the 547 acre property is where FBI recruits run obstacle courses, engage in firearms training and participate in mock hostage scenarios in Hogan's Alley.

It's the world budding forensic investigator Reilly Steel was born for.

During her first student semester at the Academy, a fatal accident occurs at a student party off-campus, and a fellow recruit is under suspicion. But by the behavior of the other students and the forensic evidence at the crime scene, Reilly guesses that there is more to the story than meets the eye.

Will her instincts, and everything she's learnt at Quantico so far help Reilly uncover the truth behind the

victim's death?

Very special... an outstanding forensic thriller' --The Bookseller on TABOO
