## **The Heavens Rise** Christopher Rice

From *New York Times* bestselling author Christopher Rice: Three friends confront a deadly, ancient evil rising to the surface in a “masterful coming-of-age novel” (*Publishers Weekly*, starred review).

It’s been a decade since the DeLongpre family vanished, and still no one can explain the events of that dark and sweltering night. No one except Niquette DeLongpre, who left behind her best friends, Ben and Anthem, to save them from her newfound capacity for destruction... She alone knows the source of her very bizarre—and very deadly—abilities: an isolated strip of swampland called Elysium.

Niquette’s father dreamed of transforming the dense acreage surrounded by murky waters into a palatial compound befitting the name his beloved wife gave to it, Elysium: “the final resting place for the heroic and virtuous.” Then, construction workers dug into a long-hidden well, one that snaked down into the deep, black waters of the Louisiana swamp and stirred something that had been there for centuries—a microscopic parasite that perverts the mind and corrupts the body.

Niquette is living proof that things done can’t be undone. Nothing will put her family back together again. But as Niquette, Ben, and Anthem uncover the truth of a devastating parasite that has the potential to alter the future of humankind, Niquette grasps the most chilling truths of all: someone else has been infected too. And unlike her, this man is not content to live in the shadows. He is intent to use his newfound powers for one reason only: revenge.

“Creepy, chilling, and almost impossible to put down” (*Booklist*), *The Heavens Rise* is an intense and atmospheric supernatural thriller about the shadowed terrors of the Louisiana bayou.
