This is a beginning-level course in written Chinese that employs a revolutionary new method designed to have you quickly reading and writing simple, connected Chinese sentences.

Along with its sister book, *Basic Written Chinese* and their accompanying workbooks, *Basic Spoken Chinese* offers a complete introductory course to the written Chinese language. As a native English speaker, working hard to learn Chinese characters is not enough; you have to work smart in order to learn this very different language efficiently. This method will greatly improve your abilities to read Chinese and write Chinese
- The structure of each new character is explained in detail to make the learning of characters easier, and "look-alike" characters are compared and contrasted.
- Many lessons include character differentiation drills and some lessons include realia such as name cards, street signs, or email messages.
- Each lesson introduces 6 new characters and a number of words that are written using them. By dividing the learning into small tasks, you maintain a sense of accomplishment rather than getting bogged down.
- You'll experience both printed and handwritten forms of characters, as well as several different printed fonts.

The accompanying **CD-ROM** includes:

- Over 6 hours of audio by several native Mandarin speakers.
- Recordings of all reading selection.
- Additional characters.
- New vocabulary.

Available separately, *Basic Written Chinese Practice Essentials* is the companion workbook for *Basic Written Chinese*. While designed for use with the companion textbook, it can be used together with any Chinese textbook or teaching program to hone your Chinese reading and writing language skills.
