**2001: a Space Odyssey: 25th Anniversary Edition** Arthur C. Clarke

Written when landing on the moon was still a dream, made into one of the most influential films of our century, brilliant, compulsive, prophetic, **2001: A Space Odyssey** tackles the enduring theme of man's place in the universe. Including a new Foreword by the author and a fascinating new introduction by Stephen Baxter, this special edition is an essential addition to every SF reader's collection.

On the moon an enigma is uncovered. So great are the implications that, for the first time, men are sent out deep into the solar system. But, before they can reach their destination, things begin to go wrong. Horribly wrong.
