Computers Are Your Future: Introductory, 11th Edition Catherine Laberta

For introductory courses in computer concepts or computer literacy often including instruction in Microsoft Office.

Engages students with a refreshing and easy to learn from style, while maintaining an encyclopedic approach and popular magazine-style format.

A REFERENCE TOOL FOR TODAY'S STUDENT!

Today's students want a practical "what it is" and "how it works" approach to computers and computing, with less explanation of "when and why."

This edition of *Computers Are Your Future* was revised to match what students know today with what they need to know in order to be successful in the exciting and ever-changing world of information technology.

Computers Are Your Future serves as a valuable computer technology reference tool without being overwhelming or intimidating.
