A crowd of fans gather around a camp fire in the woods and talk about their favorite film, "Twin Peaks: Fire Walk With Me." This movie is amazing! I had the chance of following the series from the pilot to the final episode in a span of three weeks. I then watched the movie for the first time right after. Let me start by saying everything that happens in Twin Peaks from the series to the movie all makes perfect sense. This is something which needs to be viewed carefully, and thought about very clearly. I'm not going to tell you what I think it's all about but I'm pretty damn sure I know, and I know well enough to say this makes perfect sense. I will also say if you have not seen the television show Twin Peaks (season 1&2) don't even bother with this movie. I am truly tired of hearing people complain about this movie because of their lack of understanding. If you have not seen the show, you will not understand this movie.. So go out and watch the show and then think about watching this FANTASTIC movie.
