Game Over Press Start To Continue David Sheff

The riveting story of Nintendo's conquest of the interactive entertainment industry offering true tales filled with cocky arrogance, confidence and international intrigue that rival any novel. Whether it is recounting the struggles over the game "Tetris," offering blow-by-blow narrative of Nintendo's bitter legal warfare or its see-saw competition with other companies for market leadership, Game Over is a masterful piece of business journalism and technical reportage—a book both cautionary and hugely entertaining.
