Once upon a time, comic book superheroes were obscure figures hidden from mainstream culture by dense, convoluted continuities. Today, they've dominated the world for almost two decades through blockbuster movies and hit TV shows that have turned that continuity into something like a new global religion. Film critic Bob Chipman watched this all unfold firsthand, and now he brings you a selection of his writing on all things Marvel and DC plus hidden gems and forgotten classics sure to delight any fan of caped crimefighting.

While perhaps best known as the creator and star of classic Web Video series like *Escape to The Movies*, *The Big Picture* and *The Game OverThinker*; Bob Chipman has also published numerous volumes of written reviews, commentaries, thinkpieces and features covering the worlds of film, television, video games and the broader breadth of popular culture. Now, through *The MovieBob Anthology*, a selection of his best work is yours to own - selected and organized by theme by Bob Chipman himself.
