This first edition of *Taxation and Business Planning for Real Estate Transactions*, a new addition to the LexisNexis Graduate Tax Series, uses a single, complex problem to replicate a real estate tax practice. Like all books in the *Graduate Tax Series*, *Taxation and Business Planning for Real Estate Transactions* was designed from the ground-up with the needs of graduate tax faculty and students in mind. The book emphasizes complex, practice-oriented problems to develop the skills of careful analysis of the Internal Revenue Code and regulations.
