**Volumes 1-3 of the acclaimed post-apocalyptic horror series Wildfire Chronicles by K.R. Griffiths:**

## **Panic (Volume 1)**

Michael Evans is only in rural St. Davids to maintain a low profile after his time spent as a city cop ended in disaster. The town is perfect for him: isolated. A tiny population. Virtually no crime.

Until the night the strange canisters fall from the sky and the town priest starts killing people with his teeth. To Michael, the bloodbath looks like a murder case that the quiet town's two police officers can't possibly handle.

But this isn't just a crime scene.

And the priest is just the beginning...

## **Shock (Volume 2)**

The team had been told it would be a straightforward mission: enter St. Davids, now little more than a ghost town, retrieve the target and return to base.

Trouble is, the target is a man named Victor, and it looks like somebody else got to him first.

And St. Davids is anything but a ghost town...

## **Psychosis (Volume 3)**

Michael Evans, crippled survivor of the massacre at St. Davids, has only one goal left: to find his young daughter. And that means journeying north and discovering that during the five days he spent comatose in an underground bunker the world has changed dramatically.

And worse, it's still changing.

Struggling to come to terms with a world steeped in shocking violence and ever-present danger, Michael must adapt quickly to a new reality: the virus has already infected the population. But it isn't stopping there...
