La Pequeña Edad De Hielo (Serie Extension Cientifica) (Spanish Edition) Brian Fagan

La Pequeña Edad de Hielo es un apasionante relato que abarca un largo período de la Europa Moderna (1300-1850) caracterizado por frecuentes, imprevisibles y continuadas olas de frío que se traducían en hambrunas, enfermedades y dolor, pero también en maravillosos ejemplos de la portentosa adaptación del ser humano a los cambios climáticos. Fiel a su idea de que "el papel de la antropología es interpretar el comportamiento y los retos de las sociedades del pasado y extraer lecciones de ello, pues no entenderemos el futuro si no miramos hacia atrás" el prestigioso arqueólogo y antropólogo Brian Fagan muestra la incidencia de los procesos climáticos en los acontecimientos históricos y su influencia en el calentamiento global de nuestros días. Al abordar la historia desde la perspectiva del clima, el autor de La Pequeña Edad de Hielo acerca al lector a una enorme variedad de fuentes, desde los registros de vendimias perdidas en la noche de los tiempos hasta los resultados de los últimos análisis químicos realizados en muestras de núcleos de hielo, pasando por los libros de contabilidad de los monasterios del siglo XIV o las anotaciones "climáticas" de monjes y caballeros, ingenuos "meteorólogos" avant la lettre. Partiendo de toda esta información, Fagan ha logrado construir una narración fascinante que atrapará a los lectores interesados en desentrañar las relaciones entre el clima y la historia. El professor Brian Fagan es arqueólogo y antropólogo. Nacido en el Reino Unido, fue durante seis años conservador de Prehistoria en el Livingstone Museum de Zambia. En 1966 se trasladó a EE.UU. donde fue profesor visitante asociado de Antropología en la Universidad de Illinois. Actualmente es profesor emérito de esta misma especialidad en la Universidad de California en Santa Bárbara. El profesor Brian Fagan es arqueólogo y antropólogo. Nacido en el Reino Unido, fue durante seis años conservador de Prehistoria

From reader reviews:

Charles Anthony:

Do you have favorite book? For those who have, what is your favorite's book? Guide is very important thing for us to find out everything in the world. Each publication has different aim as well as goal; it means that guide has different type. Some people feel enjoy to spend their time to read a book. They are reading whatever they acquire because their hobby is definitely reading a book. Why not the person who don't like reading a book? Sometime, individual feel need book when they found difficult problem or perhaps exercise. Well, probably you will want this La Pequeña Edad De Hielo (Serie Extension Cientifica) (Spanish Edition).

Tia Sargent:

The book La Pequeña Edad De Hielo (Serie Extension Cientifica) (Spanish Edition) can give more knowledge and information about everything you want. So just why must we leave a good thing like a book La Pequeña Edad De Hielo (Serie Extension Cientifica) (Spanish Edition)? A number of you have a different opinion about e-book. But one aim this book can give many data for us. It is absolutely appropriate. Right now, try to closer together with your book. Knowledge or details that you take for that, you could give for each other; it is possible to share all of these. Book La Pequeña Edad De Hielo (Serie Extension Cientifica) (Spanish Edition) has simple shape nevertheless, you know: it has great and large function for you. You can appear the enormous world by start and read a publication. So it is very wonderful.

Beverly Rosa:

Reading a e-book tends to be new life style on this era globalization. With reading you can get a lot of information which will give you benefit in your life. Having book everyone in this world can easily share their idea. Ebooks can also inspire a lot of people. Plenty of author can inspire their own reader with their story or their experience. Not only the storyplot that share in the ebooks. But also they write about the ability about something that you need case in point. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book which exist now. The authors in this world always try to improve their ability in writing, they also doing some exploration before they write on their book. One of them is this La Pequeña Edad De Hielo (Serie Extension Cientifica) (Spanish Edition).

Gene Conley:

Your reading 6th sense will not betray anyone, why because this La Pequeña Edad De Hielo (Serie Extension Cientifica) (Spanish Edition) publication written by well-known writer who really knows well how to make book that may be understand by anyone who have read the book. Written inside good manner for you, dripping every ideas and producing skill only for eliminate your current hunger then you still doubt La Pequeña Edad De Hielo (Serie Extension Cientifica) (Spanish Edition) as good book not only by the cover but also by content. This is one guide that can break don't assess book by its handle, so do you still needing a different sixth sense to pick that!? Oh come on your reading through sixth sense already alerted

you so why you have to listening to a different sixth sense.
