Part 1

Katie is high school royalty, and she's determined to make senior year her best yet. But, instead of the parties, football games, and dates she's envisioned, Katie finds herself spending much of her free time studying. Her eighteenth birthday party should be just the thing to help her forget her homework woes.

Roman's never been part of the popular crowd, preferring instead to focus on his grades and extracurriculars so he can earn a college scholarship. Falling for his party-girl of a lab partner isn't part of the plan. Neither is showing up at her masquerade party pretending to be someone else and kissing her.

When Katie's preoccupation with her mystery suitor threatens their grade and Roman's chances for a scholarship, he must decide between keeping his secret and sticking to the plan, or telling her the truth and possibly losing the girl of his dreams.
