## Community: Taking Your Small Group off Life Support (Re: Lit Books) Brad House

Community within the church today is hemorrhaging. Attention spans are dwindling, noise levels are increasing, and we can't seem to find time for real relationships.

The answer to such social fragmentation can be found in small groups, and yet the majority of small groups—at least in the traditional sense—are often not the intentional, transformational community we really want and need. Somehow we need to get our groups off life support and into authentic community.

Pastor Brad House helps us to re-imagine what gospel-centered community looks like and shares from his experience leading and reproducing healthy small groups. With wisdom and candor, House challenges us to think carefully about our own groups and to take steps toward cultivating communities that are able to glorify Jesus, bless one another, and participate in the mission of God.
