The Truth About Men: The Secret Side of the Opposite Sex

Ian K. Smith

The Truth About Men: The Secret Side of the Opposite Sex Ian K. Smith

Men don't have glass heads. What's going on in there? Do they mean what they say? And what are they *not* saying? Why does anyone in a relationship with a man have to spend so much time wondering what things "mean"? Is it good that he called instead of texting? What does it mean that he introduced me to his sister but not his mother or his best friend? Why hasn't he said anything about my birthday yet when it's two weeks from now?

Finally, a man who knows what's going on in there has written a book to decode men for you. It's rich with insight and action you can take today to make your relationship better tomorrow. Smith's fascinating, sometimes surprising topics include:

- The Subtle Art of Hooking Us (men really do want to be in committed relationships, even if they don't always show it)
- Beauty Matters (but beauty may not be exactly what you think it is)
- Beware of Titles (why you shouldn't label yourself his "girlfriend" until certain conditions are met)
- Sex is More Powerful than an AK-47 (but it doesn't always have to be a home run)
- Mean What You Say (and why sex lies are always?always?a bad idea)
- Know how to Listen and What we Care About (it doesn't matter if you buy the yellow pillows or the blue pillows but that doesn't mean you don't matter)

Any man who picks up *The Truth About Men* will nod in agreement, and any woman who puts its insights into practice will have an instantly happier mate and a stronger, longer relationship.
