ABC of Impossibility (Univocal) Simon Critchley

How does one write an experimental ABC, an impossible theory that would deal with a series of phenomena, concepts, places, sensations, persons, and moods? A para-philosophy? Returning to a once-abandoned project of fragmented thoughts where the author's voice moves from the serious to the pathetic, to the absurd, to the cynical, Simon Critchley's *ABC of Impossibility* finds new life in the form of this small encyclopedic and aphoristic text where the reader bears witness to the slow emergence of an attempt at a poetic ontology. *ABC of Impossibility* is a unique undertaking that reexamines the poetic site of the fragment as thought. Following a heritage of fragmented, aphoristic thinkers including Pascal, Nietzsche, Kierkegaard, and Pessoa, Critchley revitalizes a para-philosophical thinking that can only be uttered by way of another. As he declares in the opening pages, "In writing this, I promise to tell the truth, but not to be myself."
