Intensive preparation for the SAT II Biology E/M test includes a mini-diagnostic test and four full-length practice tests, all with answers and explanations. Two of the practice tests include core questions in general biology plus questions specifically relating to Biology E (Ecology). The other two tests include core questions and questions relating specifically to Biology M (Molecular Biology). An extensive subject review covers all test topics. They include: the cell and molecular biology; disease and the body's protective mechanisms; reproduction in lower organisms, plants, and animals; genetics; evolution; conservation of natural resources and environmental science; and the classification of living things. The book also presents an overview of the SAT II Biology E/M test as well as useful test-taking tips.
