Terminal Value Thomas Waite

"Be careful what you wish for." That's a warning Dylan Johnson should have listened to. When his mobile computing firm is bought out by Mantric Technology, a red-hot company about to go public, it seems like a dream come true for the young entrepreneur and his partners. But the closer they get to payout, the more uncertain Dylan becomes.

Something doesn't feel right. When one of his colleagues is found dead on what should have been their night of triumph, Dylan is determined to find out what happened. But asking questions plunges him into a web of digital deceit and betrayal that will shake everything he thought he knew...

Terminal Value is an intense thriller that provides an insider's look into the excitement of a technology start-up, the anticipated riches of an initial public offering, the gut-wrenching murder of a friend, and the dark side of corporate America.
