Religious pastors/ministers who have read this manuscript suggest it is a must for every Christian and/or Christian home. In researching to write this book I found evidence of God in nature, angels exist, miracles have happened, Biblical prophecies both those in the Old Testament and those in the Bibles New Testament have been full filled and are being full filled. The Christian Bible is truly a historical document, places and persons names mentioned here have recently been unearthed. Biblical writers who lived thousands of years ago knew and understood that we have skin on our teeth, that the earth is round and is suspended in space, that the moons light is sunlight reflecting off of it. that the sun and our milky way is moving through space Laymen suggest this book is well written, informative, factual and interesting.
