Design Attitude Kamil Michlewski

Design Attitude is a book for those who want to scratch beneath the surface and explore the impact design and designers have in organisations. It offers an alternative view on the sources of success and competitive advantage of companies such as Apple, where design plays a leading role. It sheds light on the cultural dynamics within organisations, where professional designers have a significant presence and influence. At its heart, the book asks a question: what is the nature of designers' contribution that is truly unique to them as professionals? To answer this deceptively simple question the author combines a multitude of hours of ethnographic study inside the design community, in-depth interviews with executives and designers from Apple, IDEO, Wolff Olins, Philips Design and Nissan Design and a follow-up quantitative study. Since the author comes from a management and not a design background, the book offers a different perspective to most publications in the area of Design Thinking. It is a mirror held up to the community, rather than a voice from within. Design Attitude makes the compelling argument that looking at the type of the culture designers produce, rather than the type of processes or products they create, is potentially a more fruitful way of profiling the impact of design in organisations. With design being recognised as an important strategic framework by companies, not-for-profit organisations and governments alike, this book is a distinct and timely contribution to the debate.

From reader reviews:

Sherman Etheridge:

What do you think of book? It is just for students since they're still students or this for all people in the world, the actual best subject for that? Just simply you can be answered for that issue above. Every person has various personality and hobby per other. Don't to be pushed someone or something that they don't want do that. You must know how great in addition to important the book Design Attitude. All type of book can you see on many solutions. You can look for the internet methods or other social media.

Dorothy Alvarez:

The reason? Because this Design Attitude is an unordinary book that the inside of the publication waiting for you to snap it but latter it will distress you with the secret that inside. Reading this book beside it was fantastic author who have write the book in such incredible way makes the content on the inside easier to understand, entertaining means but still convey the meaning totally. So , it is good for you for not hesitating having this anymore or you going to regret it. This phenomenal book will give you a lot of advantages than the other book have such as help improving your proficiency and your critical thinking method. So , still want to delay having that book? If I have been you I will go to the reserve store hurriedly.

Brenda Villa:

Does one one of the book lovers? If yes, do you ever feeling doubt when you find yourself in the book store? Try to pick one book that you just dont know the inside because don't determine book by its deal with may doesn't work at this point is difficult job because you are frightened that the inside maybe not as fantastic as in the outside search likes. Maybe you answer might be Design Attitude why because the wonderful cover that make you consider concerning the content will not disappoint an individual. The inside or content is usually fantastic as the outside or cover. Your reading 6th sense will directly guide you to pick up this book.

Joseph Chitwood:

Are you kind of occupied person, only have 10 or 15 minute in your day time to upgrading your mind expertise or thinking skill even analytical thinking? Then you are receiving problem with the book than can satisfy your short period of time to read it because all this time you only find guide that need more time to be go through. Design Attitude can be your answer as it can be read by an individual who have those short extra time problems.
