## **Explosives** Rudolf Meyer, Josef Köhler, Axel Homburg

This world-famous work has been enlarged and updated without tampering with its tried and tested format. Around 500 alphabetically ordered, monographic entries consider the physicochemical properties, production methods and safe applications of over 120 explosive chemicals, while discussing 70 fuels, additives and oxidizing agents and describing the relevant test methods.

The extensive thermodynamic data has been thoroughly updated and now also provided on a CD-ROM compiled by the Fraunhofer Institute of Chemical Technology. This excerpt from the ICT Thermodynamical Database not only includes additional thermodynamic data, and references to further reading, but also features enhanced search facilities.

Other key features include a 1,500-entry combined index and glossary with terms and abbreviations in English, French and German, conversion tables and numerous literature references.

A handy reference for explosive experts and also for translators, public authorities and patent lawyers.

From reviews of previous editions:

'... This wealth of information and an index that comprises some 1500 keywords and several conversion tables make this a unique source of knowledge for anybody working with explosives.' (Propellants, Explosives, Pyrotechnics)

### From reader reviews:

#### **Raymond Roth:**

As people who live in typically the modest era should be upgrade about what going on or details even knowledge to make these people keep up with the era which is always change and make progress. Some of you maybe may update themselves by reading through books. It is a good choice to suit your needs but the problems coming to you is you don't know what kind you should start with. This Explosives is our recommendation to cause you to keep up with the world. Why, because this book serves what you want and wish in this era.

#### **Walter Gagne:**

The experience that you get from Explosives may be the more deep you rooting the information that hide within the words the more you get interested in reading it. It does not mean that this book is hard to comprehend but Explosives giving you joy feeling of reading. The writer conveys their point in certain way that can be understood simply by anyone who read the item because the author of this book is well-known enough. This kind of book also makes your vocabulary increase well. So it is easy to understand then can go together with you, both in printed or e-book style are available. We propose you for having this kind of Explosives instantly.

#### **Pauline Mueller:**

This Explosives is great publication for you because the content that is certainly full of information for you who else always deal with world and get to make decision every minute. That book reveal it information accurately using great plan word or we can state no rambling sentences within it. So if you are read the item hurriedly you can have whole information in it. Doesn't mean it only provides straight forward sentences but hard core information with attractive delivering sentences. Having Explosives in your hand like getting the world in your arm, information in it is not ridiculous 1. We can say that no e-book that offer you world in ten or fifteen second right but this reserve already do that. So , it is good reading book. Heya Mr. and Mrs. occupied do you still doubt this?

#### **Augusta Wilson:**

As a pupil exactly feel bored to be able to reading. If their teacher asked them to go to the library as well as to make summary for some book, they are complained. Just little students that has reading's heart and soul or real their leisure activity. They just do what the professor want, like asked to go to the library. They go to presently there but nothing reading critically. Any students feel that studying is not important, boring in addition to can't see colorful pics on there. Yeah, it is being complicated. Book is very important for you. As we know that on this age, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore this Explosives can make you feel more interested to read.
