Rabbits have made rapid strides in popular favor of late years, and many varieties now appear in the show pens, not only differing in size and shape, but also in color and markings.

I do not think there is the slightest doubt that at the present time there is more attention paid to these small pets than at any previous period in the history of the world, and that great numbers of persons, if not, as in some cases is probably done, earning their livelihood by breeding specimens for sale, are at any rate making thereby a substantial addition to their incomes.

I propose to give some particulars which may afford some of the novices amongst my readers practical information as to what they should seek after and avoid in their dealings with other fanciers.

Bonus 1

A book on judging rabbits in shows. From the preface;

I have been asked by many breeders, registrars and younger judges to place before people in our industry, (because it very surely is an industry), some book of this sort. All I ask is that you follow me through these pages with an impartial and an unprejudiced mind, and believe me when I say that I have no idea of criticizing any of our judges, nor do I wish to leave the impression that I am superior or better informed than some of our other judges. My sole object is to help foster a better understanding of our standards and a more uniform placing of awards.

Bonus 2

A complete guide for the amateur and professional rabbit keeper. This guide will give you complete information on hutches, feeding, managing your buck and doe, as well as diseases and their treatment. Also a chapter on a rabbit warren and its management.

Bonus 3

Several pages of rabbit stories, anecdotes, and general trivia, which is all interesting, fascinating and enlightening. You will absolutely love this section.

Get this book now and you can immediately start learning more about your rabbit.
