End Times Empire Rising is a groundbreaking book on how to understand Bible prophecy and prepare for the Last Days. This book offers a compelling case on:

- where the Antichrist will arise from;
- who will make up the Antichrist's ten-nation empire;
- why that has a startling implication for a major Biblical theme in the New Testament Book of Revelation.

The book focuses on Daniel and Revelation, as well as significant prophetic passages in Luke and 1 & 2 Thessalonians, linking together important prophetic insights into a coherent whole. It contains a "big picture" perspective of what God is accomplishing in the Last Days, and a "small picture" perspective on mysteries, such as:

- information on the Church of Philadelphia in Revelation 3 (which has been linked by some prophecy writers to the rapture);
- the places that people will find refuge from the Antichrist during the Tribulation;
- a little known reference to the West in Bible prophecy.

Robert Anderton believes Christians are likely to go through most of the Tribulation, and should be prepared in the event they are not raptured before the rise of the Antichrist. After an introduction on Bible prophecy and an explanation of his view on the rapture, the focus of the book is about Tribulation events and figures in Daniel and Revelation from a Premillennial perspective. Taking a conservative approach to the Bible and with a respect to early church views, the book unlocks what signs to look for in the rise of the Antichrist and his empire, as well as godly persons and groups God will use to advance his kingdom before the Second Coming of Jesus Christ. *End Times Empire Rising* is a fresh look at the Last Days so that believers can better understand the coming storm and prepare for it.
