Saladin, Kenneth's Anatomy & Physiology: The Unity of Form and Function 6th (sixth) edition by Saladin, Kenneth published by McGraw-Hill Science/Engineering/Math 2011 [Hardcover]

I used this book for Anatomy & Physiology 168 and 169 at Durham Tech. I saved at least a hundred by buying the 6th edition instead of 7th edition. The books are almost exactly the same. This does not include McGraw Hill Connect pass for online. You would buy that separately still, as I did, but still save a lot of money.
