Thirty-nine-year-old, self-made billionaire Tyler Stone demands the best software engineer in the country for his successful global business, Cerberus Technology. The best comes in the form of thirty-three-year-old Rebecca Miles--an opinionated and strong-willed team leader with a rival software company.

Rebecca knows she's the best there is, and consequently demands a seven-figure salary, plus an Aston Martin, before she will even consider working for Tyler Stone. He reluctantly agrees, but on a visit to Club Submission, Tyler learns that Rebecca is a natural submissive in her private life, and has recently finished a long-term relationship with her Master. He keeps this valuable information to himself, hoping to use it to his advantage when the time is right. Ultimately, he is unable to resist the challenge of taming this beautiful, outspoken woman, and bending her to his iron will.

Will the Dom in Tyler be powerful enough to bring out the submissive in Rebecca?
