The Arrow is a fictional character, a superhero originally published by Centaur Publications. The character first appeared in 1938 in *Funny Pages* #21 (numbered vol. 2, #10; dated September 1938). After Centaur Publications went out of business, the Arrow, along with most other company properties, lapsed into public domain. The Arrow was briefly revived by Malibu Comics, appearing as part of their *Protectors/Genesis* imprint. He starred in the *Protectors* series and the *Arrow* one-shot. The character has been dormant after Marvel Comics acquired Malibu Comics, although some of his Golden Age adventures were reprinted by AC Comics.

Today, the Arrow is mostly remembered for being the first American superhero to rely on archery as a primary gimmick

Enjoy his adventures in the new KINDLE COMIC FORMAT!
