A Sickness of the Heart: Part One: The Blood Gods and The Sunrise Serpent: An Adaptation of Bernal Diaz' The Conquest of New Spain - The Expedition Of Francisco Hernandez De Cordoba James LaFond

One of humankind's greatest and most dramatic cultural extinction events unfolded some 500 years ago when a band of ruthless adventurers, under the leadership of a rogue lawyer, outwitted scheming colonial politicians and blood thirsty cannibal warriors, and out worked a hostile environment in their bid to take down an alien nation. In this adaptation of The Conquest of New Spain by Bernal Diaz the author stays true to the old conquistador's fighter's view of campaigning in exotic lands beyond the boundaries of The Known World. Part One tells the story of the ill-fated Expedition Of Francisco Hernandez De Cordoba, a little known prelude to the Cortez Expedition, and provides a critical guide and summary of additional reading material for the Conquistador Period.
