Call Me, Maybe

Ellie Cahill

Call Me, Maybe Ellie Cahill

“Ellie Cahill is definitely one to watch!” raves bestselling author Cora Carmack, and this steamy, upbeat modern romance about connecting in all the best ways proves it once again.

Clementine Daly knows she’s the black sheep. Her wealthy, powerful family has watched her very closely since she *almost* got caught in an embarrassing scandal a few years ago. So when Clementine’s sent on a mission to live up to the Daly name, politely declining isn’t an option. Of course, the last thing she does before boarding the plane is to grab a stranger’s phone by mistake—leaving the hunky journalist with *her* phone. Soon his sexy voice is on the line, but he doesn’t know her real name, or her famous pedigree—which is just the way Clementine likes it.

Despite all the hassles, Justin Mueller is intrigued to realize that the beautiful brown-eyed girl he met at the airport is suddenly at his fingertips. They agree to exchange phones when they’re both back in town, but after a week of flirty texts and wonderfully intimate conversations, Justin doesn’t want to let her go. The only problem? It turns out that Clemetine has been lying to him about, well, everything. Except for the one thing two people can’t fake, the only thing that matters: The heat between them is for real.

Praise for Ellie Cahill’s *When Joss Met Matt*

“Hands down, one of my favorite New Adult reads.”—*New York Times* bestselling author Cora Carmack

“This is one of those books that make you forget everything around you. Prepare to be consumed by this story.”—*New York Times* bestselling author Sophie Jordan

“Fun, sexy, and full of amazing chemistry, *When Joss Met Matt* is an entertaining escape that will leave you smiling with every turn of the page.”—Cassie Mae, author of *No Interest in Love*

Includes a special message from the editor, as well as an excerpt from another Loveswept title.

From reader reviews:

Peter Zimmerman:

Do you have favorite book? If you have, what is your favorite's book? Publication is very important thing for us to understand everything in the world. Each guide has different aim as well as goal; it means that e-book has different type. Some people truly feel enjoy to spend their a chance to read a book. These are reading whatever they have because their hobby is definitely reading a book. How about the person who don't like studying a book? Sometime, man feel need book once they found difficult problem or even exercise. Well, probably you will want this Call Me, Maybe.

Elton Williams:

Book is written, printed, or outlined for everything. You can learn everything you want by a guide. Book has a different type. As it is known to us that book is important issue to bring us around the world. Next to that you can your reading skill was fluently. A book Call Me, Maybe will make you to be smarter. You can feel much more confidence if you can know about everything. But some of you think that will open or reading any book make you bored. It is not necessarily make you fun. Why they may be thought like that? Have you searching for best book or suitable book with you?

Kathleen Carroll:

Information is provisions for folks to get better life, information these days can get by anyone from everywhere. The information can be a information or any news even a problem. What people must be consider whenever those information which is inside the former life are challenging be find than now could be taking seriously which one is appropriate to believe or which one the particular resource are convinced. If you find the unstable resource then you buy it as your main information you will have huge disadvantage for you. All those possibilities will not happen throughout you if you take Call Me, Maybe as the daily resource information.

Larry Strickland:

Is it a person who having spare time and then spend it whole day by watching television programs or just lying down on the bed? Do you need something totally new? This Call Me, Maybe can be the response, oh how comes? The new book you know. You are consequently out of date, spending your free time by reading in this brand-new era is common not a geek activity. So what these textbooks have than the others?
