The Lords of the Rings

Andrew Jennings

The Lords of the Rings Andrew Jennings

On the eve of the London 2012 Olympics . . . this must-read investigation of the secret world of the International Olympic Committee reveals how it became a refuge for crooks, spooks and fascists fleeing from discredited regimes.

Translated into 13 languages The Lords of the Rings became a global media sensation. Sports Illustrated ranks it as one of the Top One Hundred Sports Books of all Time.

The IOC president Juan Antonio Samaranch was outraged that his secret 37-year-history of jackbooting, right-arm saluting fascist activities in Franco's Spain had been uncovered. He had the authors' phones hacked and then persuaded a Swiss court to impose suspended jail sentences on them.

That 'F-word' is forbidden in Olympic circles. Officials, sponsors and sports reporters shrink from admitting the contradictions of an organisation that claims to represent the aspirations of young people - but continues to honour its former leader whose life was dedicated to delivering sport for a repugnant dictatorship and then privatised to serve the needs of the global brands.

The result of years of investigations by award-winning corruption specialists, 'Lords' reveals how positive drugs tests were concealed so that the Olympic Games could be sold as 'clean' to sponsors, rebranded as 'partners,' while heavily doped male and female athletes were changing sex!

The book reveals the beginnings of what became the gigantic ISL marketing contracts scandal and the \$100 million worth of bribes and kickbacks paid to sports officials. Honest IOC members were persuaded to disclose how one close ally of Samaranch was 'elected' to the IOC by 13 votes to 10 – with 60 abstentions!

This classic of iconoclastic journalism, first published in 1992, foreshadowed the Salt Lake City cash-and-sex for votes scandal that convulsed the Olympic world.

An essential read for sports fans and has been longtime listed as mandatory reading for sports and journalism students.

From reader reviews:

Mark Hofmeister:

Information is provisions for individuals to get better life, information these days can get by anyone in everywhere. The information can be a information or any news even a huge concern. What people must be consider while those information which is inside former life are challenging be find than now is taking seriously which one is suitable to believe or which one often the resource are convinced. If you find the unstable resource then you buy it as your main information you will see huge disadvantage for you. All of those possibilities will not happen within you if you take The Lords of the Rings as your daily resource information.

Shawn Farr:

Your reading 6th sense will not betray anyone, why because this The Lords of the Rings reserve written by well-known writer who really knows well how to make book that may be understand by anyone who also read the book. Written with good manner for you, leaking every ideas and writing skill only for eliminate your current hunger then you still doubt The Lords of the Rings as good book but not only by the cover but also by the content. This is one reserve that can break don't judge book by its deal with, so do you still needing a different sixth sense to pick that!? Oh come on your reading sixth sense already said so why you have to listening to an additional sixth sense.

Nellie Kim:

Reading a book to be new life style in this year; every people loves to examine a book. When you examine a book you can get a lot of benefit. When you read books, you can improve your knowledge, simply because book has a lot of information upon it. The information that you will get depend on what sorts of book that you have read. If you would like get information about your study, you can read education books, but if you act like you want to entertain yourself look for a fiction books, this sort of us novel, comics, and also soon. The The Lords of the Rings will give you new experience in looking at a book.

Walton Han:

That book can make you to feel relax. This book The Lords of the Rings was bright colored and of course has pictures around. As we know that book The Lords of the Rings has many kinds or category. Start from kids until young adults. For example Naruto or Private investigator Conan you can read and think that you are the character on there. Therefore , not at all of book usually are make you bored, any it offers you feel happy, fun and unwind. Try to choose the best book for you and try to like reading in which.
