**Fired Up!: Ignite Your Passion. Love Your Work. Live Your Legacy!** John M Nemo

*“The two most important days in a person’s life are the day that you’re born and the day that you find out why.” – Mark Twain*

What if I told you that from the time you were a small child, all the way through to today, there was something unique inside you, something that no other person on this planet possessed?

Think of it almost as a fire, a spark, a passion ... the very reason you were put on this earth to begin with.

Yet, I must ask: *Are you living there? Are you in that place of passion and calling?*

Or does it feel instead like quicksand? Like you’re trapped in a life you didn’t want, doing work you aren’t passionate about, slowly sinking into resignation and monotony?

Lean in and listen close, because I’m going to tell you something scandalous: *You CAN have it all.* You can have the life that you want, doing work you love, and most important, crafting a legacy that goes beyond anything you can imagine. It’s all there for the taking.

We live in a time of limitless opportunity ... yet it takes courage to step away from what’s familiar and into the life we were truly meant to live.

Today is the day you’ve been yearning for. Today is the day that you decide you want something more.

Open this book, and you’ll discover:

- The single biggest obstacle holding you back from the LIFE you want!
- Actionable, easy-to-implement strategies that will IMMEDIATELY begin transforming your passions and gifts into sustainable income!
- The SECRET behind the most successful human beings in history – from Jesus Christ to Steve Jobs – and why you have the potential to achieve the same type of impact! (Really!)
- How to harness the unique, built-in ADVANTAGE you have over every other person on this planet!
- The 7 ESSENTIAL Elements to an Extraordinary Life and why you already have everything in place that you need to make it happen!

No matter what station you’re at in this life, we need you. You have something unique to offer this world, and I mean it when I say that the rest of us are being deprived if you don’t share it!

I don’t care where you’ve been. I’m only interested in where you’re going and how this book is going to help you get there.

Are you ready?
