Legal Research Explained Deborah E. Bouchoux

Instructors who are looking for a clear and concise text introducing students to the basic methods of legal research will welcome **Legal Research Explained**. Based upon the legal research section of Bouchoux's highly successful *Legal Research and Writing for Paralegals*, the material in this text has been modified, condensed and updated to fit courses covering only legal research.

This engaging text helps students develop both knowledge and confidence:

- using a **building-block approach**, which is instrumental in ensuring that students master the critical skills of legal research, Bouchoux discusses conventional print legal research sources before computer-assisted and electronic sources. Similarly, primary authorities are discussed before secondary authorities and statutes are covered before cases, because this is the order in which it happens in practice
- **divided into five sections:** 1) conducting legal research using primary authorities; 2) conducting legal research using secondary authorities and other research aids; 3) computer-assisted legal research and the Internet; 4) legal citation form and validating authorities; and 5) “putting it all together” and providing a final overview of the legal research process
- Text includes:
 - **examples of citation form** (in both ALWD and Bluebook format)
 - **questions relating to the materials discussed in each chapter** and requiring students to use pertinent sources to locate the answers to those questions
 - **section at the end of each chapter requiring students to access the Internet to locate answers to questions** so that students become proficient in quickly locating the types of information an employer will require them to retrieve, such as local court rules
 - **Practice Tips** in each chapter, offering realistic and helpful suggestions for workplace success
- **up-to-date sample pages** in each chapter illustrate the features of various legal research authorities.

The book is part of a comprehensive instructional package that includes PowerPoint slides and an extensive Instructor's Manual featuring:

- sample **syllabi**
- **information on teaching strategies**
- chapter-by-chapter **resource information**
- **answer keys** for all discussion questions and Internet assignments
- detailed **suggestions for additional assignments**

- a **Test Bank** of exam questions

Professors in search of a text that applies a building-block approach to developing a firm foundation for legal research are sure to be delighted with Bouchoux's new book; **Legal Research Explained**. In addition to providing students with the skills and resources that they will need as they progress professionally, instructors are also provided with a comprehensive educational package to aid in the effort to impart a complete understanding of the fundamentals of legal research.
