Brazille was finally living the life she had always dreamed of with a successful nail salon and a prince charming that couldn't get enough of her. The one thing that Brazille never planned for was her past coming back and haunting her. However, she did learn really quick that all good things must come to an end. Will Brazille be able to survive the attack by Zurich. If she does survive, how will she begin to pick up the pieces?

Zurich snapped after being betrayed by two of the people he loved most. Was he really the bad apple out of the bunch?

Chyna's plan to get back at Brazille exploded right in her face when Zurich told her that he didn't even like her, let alone love her. This has caused her to end up alone and pregnant. Will she have her baby or will she take the easy way out?

Omari came into Brazille's life like a knight in shining armor, but we all know that everything that glitters isn't gold. Is he really everything he appears to be?
