## **Jacques Cartier** Sir Joseph Pope

The story of Jacques Cartier's life and the voyages he made to the new world.

Jacques Cartier (1491 – September 1, 1557) was a French explorer of Breton origin who claimed what is now Canada for France. He was the first European to describe and map the Gulf of Saint Lawrence and the shores of the Saint Lawrence River, which he named "The Country of Canadas", after the Iroquois names for the two big settlements he saw at Stadacona (Quebec City) and at Hochelaga (Montreal Island).

Originally published c1890.
