## **The Anniversary Party** Sommer Marsden

Kylie is cracking under the stress of hosting a thirtieth anniversary party for her parents and trying to keep up with her freelance writing deadlines. With a new house, a well-meaning but useless sister, and roughly forty people about to descend on her home, she doesn't think it can get much worse. Until her mother's friend, Mrs. Sinclair, calls to ask if they might bring one more person. Her son, Wade. The man who up and left Kylie eight years before.

Wade Sinclair has come back to town with one hope—to make things right with his high school sweetheart. Still hopelessly in love with Kylie, Wade knows he must come clean about why he left her all those years ago so he can finally set about reclaiming what he never should have let go of in the first place—her love.

Can they put their past behind them and look toward the future? Or will the anniversary party be the end of them altogether?
